

# Admiral Security Services, Inc.

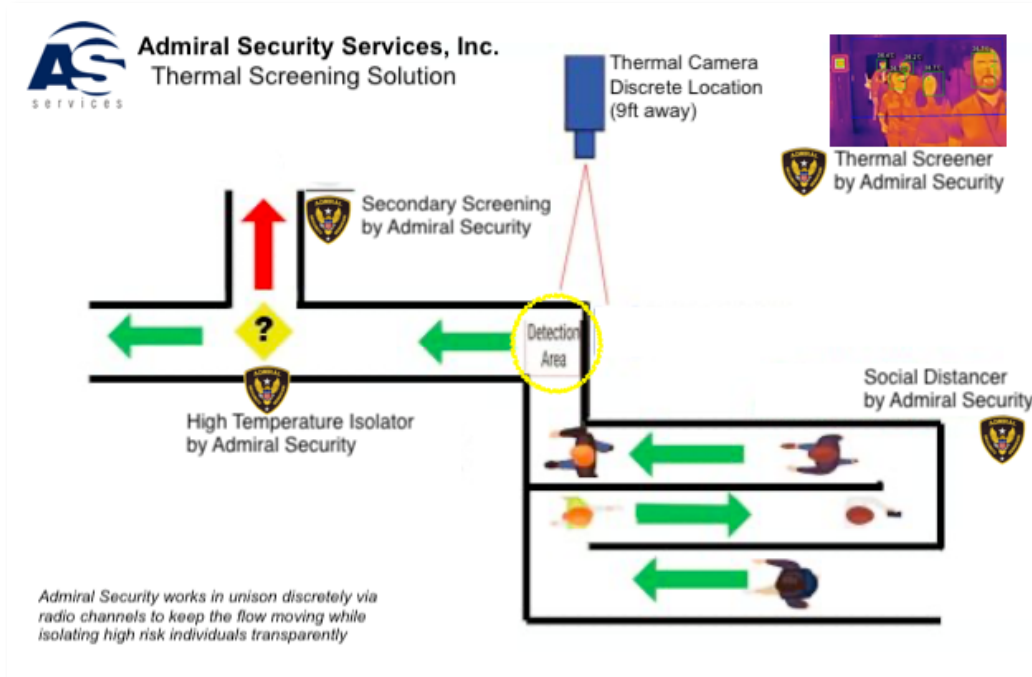

## Thermal Temperature Checking Solution

Operations Department – COVID 19 Safety Measures

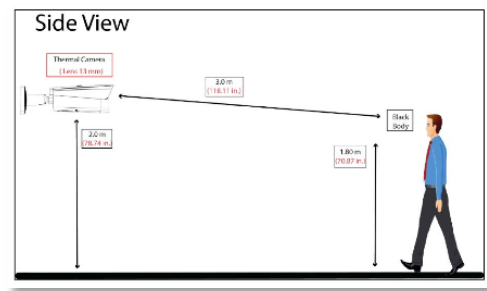

Given the recent pandemic, Admiral Security Services, Inc. has taken measures to increase safety measures with staff and is currently offering solutions to help its clients provide a safe environment. This is in compliance with recent Federal, State and Local regulations and guidance.

This solution provides a professional, scalable solution for checking body temperatures of any individual entering the place of business:

- Check any person's body temperature entering the premises
- Scan for a temperature discreetly almost 10 feet away
- No line, no stopping, no in-person scanning – Measures 3 persons/sec.
- Safe due to no contact unless necessary
- Works with sunglasses, hats, medical masks, ski masks, helmets
- Detects multiple people at the same time and can isolate hot drinks

**Camera Pricing: \$3,000 initial setup fee, then \$1,000 weekly – Minimum Term 16 Weeks**

*Hourly Labor billable time applies for staff*
